Keywords

bariatric surgery, guidelines, nutrition, gastric bypass, sleeve gastrectomy, gastric band; duodenal switch

Running title

Bariatric surgery and nutritional care

Acknowledgements

We would like to thank Daniel Park, Assistant Librarian, The Leeds Teaching Hospitals NHS Trust for the literature search, Dr Erlend Aasheim for his early assistance with screening of abstracts and Janice Gunnell for her help in developing the data extraction form in Excel.

Dedication

We dedicate our guidelines to Iris McMillan, patient representative, who died just before the guidelines were submitted
