

Street type	Example	Type of uneven coverage	Reason
Pedestrianized streets	Gandy St, Cathedral Close	Spatial absence	Inaccessible to the Google car, though possible with the 'Trekker' backpack rig
Vehicle restricted streets	High St, Cranbrook streets	Spatial fragment	Not fully accessible to private vehicle traffic
Streets on privately-owned land	Princesshay shopping development	Spatial absence	Street usage restrictions, inaccessibility
New streets	Cranbrook streets	Temporal obsolescence	Recent and continual development of road infrastructure
